# Automated Kernel Testing @ Facebook

**Yannick Brosseau**

Production Engineer

# What are we testing ?

- Our 4.0 tree
- Our 4.6 tree
- Latest upstream (Soon)
- Net-next (Considering)

# What are we testing ?

- Linux Test Project
- kselftest
- xfstest
- Test modules
- Trinity (syscall fuzzy)

# But coverage is limited

- What else can we test ?

# Reporting back ?

- Automated breakage notification ?
